WHAT IS THE CONCORD ART PRIZE?

It's no secret that great art comes from great art, and at Concord Music Publishing we want to champion and encourage art that is inspired by incredible music!

That is why we've created a new opportunity to celebrate that process. By encouraging visual artists of all ages, at any stage in their careers, we hope that music will become a part of their futures.

So, whether you're an artist, illustrator, sculptor, videographer or photographer, we're giving you the chance to have your creation seen by industry royalty and win one of 10 grants of £1,000 to produce your piece. With the overall winner taking home a whopping £10,000. Not bad eh?

All you need to do to be in with a chance is create & submit a short proposal by the 30th April, 2021. Good Luck!

The background is a solid light orange color with a repeating pattern of white line-art icons. The icons include various school supplies such as pencils, crayons, markers, and tubes of paint, as well as glowing lightbulbs with radiating lines, symbolizing ideas and creativity.

Create & submit a short proposal before April 30th!

This part of the process is all about your ideas and we need to get a good understanding of what it is you're trying to create. So, be as clear and concise as possible in your proposal.

- a) The proposal can be a voice note, written text, a letter or an explanation to camera.
- b) The proposal must be accompanied by a visual representation of the proposed work.
- c) This visual component can be a sketch, a filmed work in progress of the idea, a model or a photographic image if the proposal falls in the photographic or film medium.
