

Marchmont & Sciennes Gardening Awards

If you live in the Marchmont area then you can win a gardening award for your green-fingered efforts.

☒ The Community Council is reintroducing the prizes for best front gardens, hanging baskets and containers, wildlife friendly gardens and new gardens.

So if you are already in full swing then so long as your garden is visible from the street when the judges stage their walkabout in July you may be in with a chance!

There are more details on their website which you can access [here](#).
