

The Huffington Post

(If the Huffpo is something new to you then it is now past time that you added it to your bookmarks. They have celebrity bloggers galore – and you can contact them direct by adding your own comments.... We ask you – who among you girls would not want to write to Robert Redford....?)

The latest link is that they tell the story of the purpose of One Book, One City – trying to get the whole world reading one book! Read more [here....](#)
