

Edinburgh Wanderers v Dundee University – Women's rugby

by John Preece

☒ Murrayfield Wanderers (Wandies) ran out easy winners against Dundee University in this Scottish Women's Premier division match. Dundee were outplayed, outmuscled and, generally, outclassed in every aspect of the game and were unable to take much advantage of what little possession they secured. First score for Wandies was a try after 3 minutes and they continued to score, seemingly at will, until just before the final whistle, running up 82 points without reply.

Murrayfield currently lead the Women's Premier division by three points from Hillhead/Jordanhill, the only side to have beaten the Wandies so far this season.

Final Score – Murrayfield Wanderers 82, Dundee University 0"
