

# Telford College celebrates Black History Month

✘ Black History Month takes place annually in October in the UK and aims to promote knowledge of the Black history, cultural and heritage; disseminate information on positive Black contributions to British Society and heighten the confidence and awareness of Black people to their cultural heritage.

Edinburgh's Telford College takes pride its inclusive approach to equality and diversity and celebrates and respects the rich and diverse mix in our learning community. The College is committed to the promotion of equal opportunities and race equality in all areas of activities and in creating an environment in which cultural diversity and the contributions of all staff and students are recognised and valued.

More information on what they are doing can be found [here.](#)
