

A close shave today for the Movember fundraisers

You may recall that we told you in our [earlier article](#) about Stuart McLean and his colleagues at St James's Place Wealth Management office in Edinburgh who have been growing moustaches for Movember to raise money for charity.

✘ We were pleased to hear from Stuart today who is now clean shaven again!

He wrote as follows:-

We've made it to December – just in time for the Mo Bro shave off and the snow comes. Strangely, my face now feels the cold more than it did before !!

We're going to keep the sponsorship page open for a couple of more days (for stragglers and some cash to go on), but we're happy to have hit our target of £2,500. Total raised including Gift Aid was, £3,224.26 and with St. James's Place matching half of it, a total of £4,836.39 for good causes.
