

# Edinburgh Job – Talent Scotland Graduate Placement Programme

Talent Scotland Graduate Placement Programme is offering an opportunity to work on a short-term project with an established business or social enterprise. The advert says:-

*Organisations of all sizes participate, and successful applicants will receive a minimum salary of £14,000 (pro rata). Participating businesses are dynamic, growth-oriented and located across Scotland, within the private and voluntary sectors. Projects last from three months to one year and must be quantifiable and measurable. The programme is open to all graduates who have graduated at degree or postgraduate level from a higher education institution within the past two years (international graduates from non EU countries must have graduated from a Scottish higher education institution within the past two years). Some of the placements are available in Edinburgh, like [Computer System Validation Specialist](#), [Test Engineering Specialist](#) or [Environment Artists](#).*

*If you have any questions about the Graduate Placement Programme [email the TalentScotland Graduate Placements team](#)*
