

# Five things you need to know today

✘ An Edinburgh man has invented a wristwatch type of device to help you keep tabs on your children. According to [Deadline](#) "The former paratrooper thought-up the device, which allows parents to use a GPS system to monitor their children's whereabouts within two to three metres through a computer or mobile phone application." However hidden right at the end of the article is a shocking statistic: that 100,000 children go missing in the UK each year...

Leith Neighbourhood Partnership is working on the priorities for Leith's Local Community Plan 2011-14. A Local Community Plan sets out the most important things needed to improve services and how this could be done. The Leith Local Community Plan covers the Leith and Leith Walk Council Wards.

The people living in the area are the best ones to know what is needed. You are invited to take a few minutes [to give your views](#). All responses are anonymous.
