

F1 Car in Edinburgh!

The £4m car visit

You might not have noticed it, but Edinburgh was visited by a VIP machine from the F1 motorworld last week! Booker Wholesale, in Longstone, managed to get hold of the machine as part of a promotion and the Edinburgh Reporter was lucky enough to go along to photograph the event! The car left on Friday but not before there had been many admiring glances from customers, entering the premises. Scott Howie, the Catering Development Manger, was justifiably proud of the coup noted that this was a rare event in Edinburgh.
