

Edinburgh Restaurant offers 'concierge service'

✘ Ignite is an Indian restaurant with a difference. As well as producing good food they are also offering a new concierge service to arrange any additional needs you may have such as birthday cake, card and flowers.

Ignite specialises in the cuisine of Bangladesh and Northern India, using the quality produce to create authentic and delicious dishes.

There are many popular favourites on the menu, delivered with a modern twist in the unique Ignite style.

The restaurant itself has been described as "cool and contemporary, with a sophisticated ambience". Service is friendly and informal, but also professional and informed.

As well as the extensive a la carte menu, Ignite also offers a two course lunch for only £8.50, from Monday to Friday, 12-2pm.
