

Weekly Planning applications

6 June 2011

☒ On the council website there is a [page devoted to weekly planning applications](#) as decided by The City of Edinburgh Council.

This week's planning applications which in our view are worthy of note, include the following:-

A fast-track decision has been made by the council regarding the alteration of an existing doorway situated at 1A Market Street, to create the entrance for a new street-level hotel.

The complete demolition of 4 staff houses in the grounds of Fettes College (1,2,3,4 West Woods) has been granted.

Also in Dean Street (18-18a) an application has been approved to convert the existing clinic/offices in to a four storey residential Dwelling.
