

# Outdoor films at Hopetoun House this August

✖ There is just one small snag here – you have to be a Royal Bank or NatWest account holder to book tickets, but the idea is a good one. We would add to all the recommendations below that you take some waterproofs either to wear or sit on...and maybe some midge repellent just in case!

And if you book before 7 August then you will get cheaper tickets!

RBS Film First launches this summer, with a series of outdoor screenings, showing new releases in beautiful locations exclusively for RBS current account customers.

Watch director JJ Abrams' and producer Steven Spielberg's, much hyped epic Super 8 (12A), in the beautiful setting of Hopetoun House.

Bring a picnic, bring your friends and enjoy an evening of film under the stars.

Ticket available only to RBS current account customers. Terms & Conditions apply. Visit [the website](#) for more information
