

The Edinburgh Reporter Advent Calendar – Gift idea for parents – Totseat

Totseat the washable squashable highchair

Highchairs are great. Except when you don't have one. That's where the Totseat chair harness comes in – turning any adult chair into a safe haven for your tot. It's washable, squashable – and for babies who lunch.

Enveloping your child safely and comfortably in any adult chair, the award-winning Totseat means lunch on the go is easy, whether at granny's, the local café, or in the Mediterranean sunshine.

Designed entirely from a safety perspective, the award-winning Totseat is perfect for children who can sit unsupported – from around 6 months. It adapts easily to fit all shapes and sizes of chair – whether knobbly, round, square, high, low or open backed – and in a neat travel pouch, pops easily into any handbag or hangs from style from the buggy! It really is the perfect accessory – being useful and stylish.
