

The Edinburgh Reporter Advent Calendar – Gifts for the whole family – Home Cinema Centre

✖ With a large showroom on Morrison Street [The Home Cinema Centre](#) offers a wide range of quality home entertainment equipment.

From Hi-Fi and televisions, to Surround Sound Speakers and Home Cinema Projectors, the experienced team will explain and demonstrate the latest advances in technology, and the dedicated installation team will ensure your latest purchases work correctly while concealing unsightly cabling.

We asked the [Home Cinema Centre](#) to choose the best of what they are selling for your gift suggestions today...and they came up with ideas to please the whole family!

“It was hard but we finally chose our favourite products for Christmas 2011.

✖ *Our wish list includes the new 32” Design Line Philips LED TV; a perfect choice for any stylish kitchen or bedroom.*

✖

We also like the Pioneer STEEZ Audio Player; which gives the young among us all the tools needed to get into this year’s Street Dance craze.

We couldn't believe the sound produced by the diminutive Paradigm Millenia 5.0 Surround Sound Speakers when we got them up so they are also on our shortlist, but the fairy at the top of the tree this year is the Sneaky Music DS from Linn.

The Sneaky is the first step to streaming music  throughout your home, opening up a whole new way of listening, and bringing us bang up to date with the way we listen to music now.

For more information about any of these products visit The Home Cinema Centre at 240 Morrison Street near Haymarket Station. Or visit [their website](#) to place your pre-Christmas orders now!

Happy Holidays from the Home Cinema Centre!
