

Council asked to intervene over Hearts v Hibs Cup final

✘ The last meeting of this council will be held on 26 April and the elected members will be asked to discuss the following motion which has been presented by Councillor Donald Wilson this morning:-

Council notes

- *the success of both Hibernian and Hearts Football clubs in reaching the Scottish cup final to face each other for the first time since 1896*
- *that the only time the final has been held outside Glasgow was in 1896 when both clubs last met in the final of the Scottish Cup*

Council therefore instructs the Chief Executive to work with officers and representatives of both clubs to seek a meeting with the SFA with a view to holding the Scottish cup final at Murrayfield.

Moved Councillor Donald Wilson

Seconded Councillor Gordon Munro

The Hibs boss Pat Fenion has already said that he wants the final to be held in Glasgow on 19 May according to [The Daily Record](#).

So football fans what do you think? Should the Edinburgh teams play here in the capital or should they be forced to travel with all of their supporters to the National Stadium?
