

Council Elections 2012 – Meet the candidates – Kevin Ferguson

Kevin Ferguson is the Scottish Anti-Cuts Coalition candidate for Craigentiny/Duddingston Ward.

We have no further details for him but if you do then [please email us](#). We also need a photo and a copy of his election leaflet.

The Scottish Anti-Cuts Coalition says:

1, Our candidates oppose and if elected will vote against all cuts to jobs, pay, services, pensions, benefits etc. Only cuts we support are those that would cut the income of rich and big business the bankers.

2. Our candidates if elected will put forward needs budgets that protect services, our communities and jobs. Our Councillors will help lead a mass campaign to demand a return of the money stolen by the ConDem's to invest in public services.

3. We oppose all privatisation which is increasingly on the agenda in local government. We stand for the abolition of PFI/PPP schemes that are a huge drain on public resources.

4. Full support for workers and trade unions in the public and private sector, the communities and young people who are taking action to fight against the cuts. For a united fightback against austerity and cuts. Abolish and oppose all anti-trade union laws.

5. We will support progressive policies including making the rich elite pay increased tax, and for increased tax on big business. We are for public ownership of the banks the

privatised utilities and the big corporations. Public ownership would allow investment in jobs and services, which are needed now more than ever.
