

# A place for ladies to lunch

There is no doubt that with the better weather comes the desire to spend weekends catching up with girlfriends over lunch and a glass of wine.

Channings on South Learmonth Gardens is the perfect setting to enjoy the indulgent new 'Ladies that Lunch' menu. Accompanied by a glass of Fruity Fizz, a group of four friends will enjoy a menu specially created by Head Chef Karen Higgins to compliment the best in seasonal produce including sweet cured summer isle salmon to start and roasted supreme of outdoor reared Scottish Chicken as one of three main course options.

Priced at £18.95 per person (based on a table of four guests) it would be a shame not to share with your other half too – if he's well behaved!
