

Varcity North – new apartments available now

Miller Homes has released a new apartment campus at their Varcity North development in Edinburgh. Belford Campus is the second of five apartment blocks being built on the site of the former Telford College, with its name reflecting that heritage.

Belford Campus is a four storey, L-shaped building, which will offer a range of one and two bedrooed apartments with allocated parking. Prices start from £123,000 for one bedroom and £167,000 for the two bedrooed apartments. Reservations are being taken now.

The flexible accommodation offers an exciting prospect for investors buying to let, downsizers, newly singles and couples looking to move closer into the city centre. With open plan living/dining combined with contemporary kitchen areas, the layout lends itself to living and entertaining in stylish, high quality apartments. Lift access to all upper floors, allocated parking and secure entry systems ensures that Varcity North is at the forefront of apartment living.

Situated between the city centre and the waterfront and with excellent transport links to all areas of Edinburgh and beyond, Varcity North combines stylish city living with spacious, practical and affordable homes, .

Anne Marie Britton, Sales Director for Miller Homes Scotland East, said:

“We’re delighted to bring the Belford Campus to market to complement the existing properties at Varcity North. Space, quality and price are the differentiators and this development is becoming the place to live for househunters seeking all three.

“Starting at just £123,000, our competitive prices make owning a contemporary city apartment a reality, enjoying easy access to all that Edinburgh has to offer. From parks to art galleries, the beach to stunning views across the Firth of Forth and restaurants, bars and bistros second to none, you won’t be short of ideas on what to do from your new capital apartment.”
