Ten at TEN

SpeKtrum Collective is a group of printmaking artists formed in 2011 to promote print in all its forms to a wider audience, through exhibitions, events and intelligent collaboration. Ten members of this artist-led organisation, including Kelly Stewart, Patrizio Belcampo and Alfons Bytautas, will be showing their work. The gallery will also be featuring glass by Glasstrom and Lindean Mill and prints and paintings by invited artists Catherine Raynor, Marie Scott and Catriona Mann.

Located in the heart of Edinburgh's West End, Gallery TEN is

run by creative partnership, Paul Musgrove and Gill Tyson, experts in the fields of printmaking and glassmaking. We aim to promote established artists, 20th Century masters and emerging talent.
