

# TERLive! Council Meeting 31 January 2013

Today's meeting will hear the report about Splashback and their bid to run the pool in Leith as a community enterprise. The Splashback campaigners are expected to attend the meeting in what may be their final chance to sway councillors in their favour.

There are questions lodged about Edinburgh and the Commonwealth Games and Advanced Stop Lines.

You may read all the council papers for today's meeting [here](#). You can also watch the council's [live webcast here](#) and we hope to add to that coverage by giving you our own comments and also introducing comments from others via Twitter.
