

Queensferry Boat Club clean up the harbour

☒ Members of Queensferry Boat Club were out in force last Saturday morning for the annual Harbour clean-up. As well as tidying up the area, the team working knee-deep in the mud, replaced a considerable number of mooring chains in the harbour in preparation for boats going back in on Monday 8 April 2013.

Before the work started Mike McDowall, Commodore of Queensferry Boat Club, handed over a cheque for £171.00. to lifeboatman Jonathan Payne of RNLi Queensferry Lifeboat Station. The money was raised at the Christmas Music Night, which once again featured Brian White and the Q-Beats with guest appearance by Pete Collinson. The event was attended by members of the Boat Club and Queensferry Rowing Club.
