

Craigroyston FC win East of Scotland first division

Craigroyston Football Club will be playing in the East of Scotland FA Premier League next season after winning the first division league last night. Craigroyston have not played in the Premier League for over five years and manager Ross McNeil was delighted his team managed to win the league, in his first year as team manager.

Craigroyston only required a point from last night's game against local rivals Leith Athletic, who, until recently were also looking for a promotion place and Craigroyston ran out 4-2 winners on the night.

Ross McNeil spoke to The Edinburgh Reporter after the game and you can listen to his interview below.
