

Scotch Whisky Experience celebrates 25 years – with a dram!

The Scotch Whisky Experience is celebrating its 25th anniversary. To mark the occasion, the visitor attraction has been presented with a specially commissioned commemorative Quaich, designed and produced by Edinburgh jeweller and silversmith, Hamilton and Inches.

A limited edition 25 year old blend has been put on sale for the first time today and the team cracked open the first bottle earlier.

The quaich is now on display in the vault of The Scotch Whisky Experience's McIntyre Gallery for the remainder of 2013.
