

Edinburgh Hairdresser celebrates quarter of a century in business

Paterson SA has reached a significant milestone this year – it is celebrating its 25 year anniversary.

In recognition of this momentous occasion the team is looking back over its long and proud history and is pleased to announce the opening of a very special exhibition. The exhibition, on display at the Commercial Quay salon, traces the evolution of Paterson SA from the very beginning when it was founded in 1988 by the much loved and greatly missed George Paterson, to the present day.

Now boasting over 50 team members across three salons plus an academy, the exhibition is a visual journey of how far Paterson SA has come, and how proud the team is of its rich hairdressing heritage.

To coincide with this anniversary Paterson SA hosted its annual photographic competition for the three salons and is pleased to announce the winner is the Dalkeith salon. Their 'Linear' collection was praised for its fresh, artistic feel which combined creativity and technical excellence with a real depth of thought and passion – everything Paterson SA has stood for over the years.
