This [fast rising star](#) has captured the attention of talent scouts at Universal who signed him late 2012 for a DVD development deal.

Davey Connor is based in Glasgow and works throughout the UK. Recently he has performed to larger audiences whilst out on tour supporting the likes of Jenny Éclair, Daniel Sloss and Russell Kane.

Previous Edinburgh Festival appearances include a storming stand-up run as part of 'The Comedy Zone' (2010) and as a sketch artist in the Scottish sketch group 'The Stockholm Syndrome' (2010). In 2011 Davey returned to the Festival in another new, highly acclaimed sketch troupe, 'Alchemy' devised by Brown Eyed Boy production company to give a platform to talented new Scottish comedians, writers and sketch artists. Last year Davey performed in a triple header stand-up show 'The Big Comedy Showcase' at the Gilded Balloon.
