

Edinburgh Festival Fringe – Daydream

☒ Daydream, at Summerhall, 2 to 25 August 2013, £3

A ticket is valid for one show each day. Limited to 5 audience members per performance.

A 15 minute show for children this is an installation with music and light effects. Belgians Inne Goris and Dominique Pauwels have created a mesmerising bee-loud installation [Daydream](#) in a 40-foot shipping container.

Audiences are invited to come in, settle down, close their eyes and listen. Are there bees living in their ears? Has the sea stopped crying? Is the house sighing? Goris and Pauwels have created a place of calm where the outside world is just a distant hum and audiences create their own virtual stories and fantasies.

[Crying out Loud](#) are putting on this show...
