

# Appeal for missing Skye man, Liam Colven

Police are concerned for the welfare of a man who was reported missing after he failed to return home to Skye from Falkirk, where he is currently a student.

Liam Colven (20) is described as 6" 2' in height, of slim build, with short black hair, blue eyes, tanned complexion and occasional light growth of facial hair. He has piercing just above his left eye.

Liam was due to visit a family member in Glasgow on Saturday and then travel by bus to his family home in Skye. Concerns were raised last night after he failed to make both appointments and has not been contactable.

Anyone with information regarding Liam's whereabouts is urged to contact Police on 101.
