

Hibs v Hearts League Cup Quarter Final – Police warn fans about flares

Police Scotland will be carrying out an operation at Wednesday's League Cup Quarter Final between Hibs and Hearts, searching for anyone in possession of fireworks or flares.

Officers will be carrying out searches outside Easter Road stadium, and a specialist search dog, capable of detecting flares, will also be used to identify anyone trying to smuggle illegal items into the stadium.

Police are warning that robust action will be taken against anyone trying to take flares or fireworks into the ground. The warning follows incidents at recent derbies where flares or fireworks were used.

Superintendent Kenny MacDonald, who is in charge of the policing operation on Wednesday, said:

"The match kicks off at 7pm, and I would encourage supporters to get there early, as they will be travelling to the game during rush hour and there is limited parking near to the ground.

"There will be search cordons in place around the stadium, and searches will be undertaken as a condition of entry to the ground. A specialist search dog will be used to detect anyone in possession of fireworks or flares.

"We recognise that the majority of supporters are well behaved, however there are a small minority who in the past have put themselves and others in danger by throwing fireworks or flares.

“If this behaviour continues then it will only be a matter of time before someone suffers a serious injury, and we are working with clubs and stewards to do all we can to prevent such dangerous behaviour.

“Anyone who is caught with a flare or firework can expect to be arrested, either at the time, or as a result of a post-match investigation. As well as receiving a criminal conviction, they may very well find themselves being banned from attending future matches throughout the country.”
