

Malmaison support charity bike ride

MALMAISON HOTELS ANNOUNCE THEIR SUPPORT OF THIS YEAR'S NICU SUPPORT FUNDRAISING BIKE RIDE.

NICU Support is an Emergency Hospital Courier Service that helps premature and sick babies by collecting mother's milk from Donors and delivering it to Special Care Baby Unites.

Malmaison is the official sponsor for the NICU Support annual bike ride, and to coincide with Malmaison's 20th Anniversary each hotel has put together a team who will be taking part in all 12 days of the ride.

The ride is from Aberdeen to Bristol linking up all 12 Malmaison Hotels and Neonatal Intensive Care Units nationwide.

Malmaison Aberdeen will start the challenge by cycling with their baton from Malmaison Aberdeen to Malmaison Dundee on Monday 5 May.

The Malmaison Edinburgh team will be cycling the 105 miles on 8 May 2014.

Malmaison and NICU Support are teaming up to raise enough to fund the latest all-purpose electric BMW i3 vehicle for their latest service which transports mums into hospital to visit their premature and sick babies whilst in Neonatal Intensive Care.
