

Luxury from driveway to runway

Thinking of going on holiday through Edinburgh Airport soon? Now you can do it in some style.

No.1 Traveller have just opened their promised lounge at Edinburgh Airport which will allow you to be collected by chauffeur from your front door, whisked through the airport like a VIP using the Fast Track service and left luxuriating in the lounge till your flight is ready to leave. You may still have to take your laptop out of your bag to clear security, but the experience is designed to be as stress free as it can be.

When in the lounge the food will be freshly prepared throughout the day and a choice of seasonal dishes can be made to order. As well as newspapers and a TV with news there is wireless internet access.

The Edinburgh Reporter spoke to CEO and Founder, Phil Cameron, who told us all about it:-

The Edinburgh Reporter was given the chauffeur driven experience earlier today and it was something we would really like to get used to!

Entry to the lounge alone is £22.50 in advance or £27.50 at the door. You will find the No.1 Traveller lounge on the right after you have passed through security, and it is open daily from 4.30am till 9.00pm.
