

Local Development Plan – what it means in Currie and Balerno

The Edinburgh Reporter caught up with two local politicians in Currie yesterday. They had set up a stall next to the Health Centre there to inform local residents about ways to object to the local development plan as currently drafted.

Gordon MacDonald MSP and Councillor Bill Henderson both represent the area and have misgivings about the way that the area is designated for housing in the newest LDP which is currently out for consultation. They had gathered quite a crowd to listen to what they had to say.

Gordon explained to us what they are concerned about:

The City of Edinburgh Council has a page on its website where you can get more information on the local development plan and how to have your say. [Click here.](#)
