

Stolen bike – can you help?

Ciaran Frost has been in contact with The Edinburgh Reporter to explain that his bike has been stolen, and to ask for your help in getting it back for him.

He said: “On Tuesday 14 October 2014 between 13:00 and 15:00 I had my five month old bike stolen from my flat building in Mayfield Road, Newington. The criminal got access through a locked door and destroyed the metal railing which it was attached to. Could somebody please keep an eye out for it, should they try to sell it through the classified ad section, and contact either the police or myself if they do? ”

The basic details are:
