

Fly Edinburgh to Funchal direct

Another new route has been introduced this month from Edinburgh Airport.

easyJet will now fly to Funchal as well as to the other 33 destinations they already serve.

John Watson, Chief Commercial Officer at Edinburgh Airport, said:

“easyJet are our biggest airline and we’re pleased to be launching this brand new service to Funchal in Madeira which adds to our ever-growing European route network.

“We pride ourselves on offering our passengers the very best choice of destinations and services. We’re sure this new route will prove to be a popular choice for Scots looking to escape the cold weather and head for some winter sunshine.”

So if you fancy some winter sun head over to [easyJet.com](https://www.easyjet.com) for your booking
