

# New freebie exchange for your unwanted household goods

A few weeks ago a resident contacted North Edinburgh Community News when they witnessed a couple dumping what appeared to be a house full of items on Muirhouse Park. This was caught on film, and with the help of many residents and North Local Office the culprits were caught and fined **£200**.

On the Main [TRIM Facebook page](#) which has over 3,000 likes the group tries to post any items which residents no longer want and to-date they have given away / re-homed

- Over 20 Sofas
- 10+ Televisions
- Beds
- Hoovers
- Play Station
- Mobile Phone
- White Goods and more

Using their main page they often received multiple messages from residents about one item, this can be time consuming to administrate so they have decided to start up a brand new “Group” to allow residents to facilitate things themselves.

The brand new group is Called “ [TRIM Freebies](#)” – It really is that simple –
