

# Caroline Weir reunited with Willie Kirk at Bristol Academy

Former Hibs and Scotland midfielder Caroline Weir has signed for Bristol Academy from Arsenal Ladies.

This move sees her reunited with manager Willie Kirk, for whom she played under at Hibs before moving to the Gunners in 2013.

The 20 year-old who has represented her country on 18 occasions at senior level said: "I'm really excited to have joined the club and I'm excited for the second half of the season. Hopefully I can help the team pick up some more points and climb the league table."

Kirk added: "Caroline is a player that I know very well. I gave her a first-team debut at Hibernian when she was 15 and she quickly became a first pick in the team before moving to Arsenal at only 18.

"I have become increasingly frustrated seeing her mostly sit on the bench for two years and as soon as I took the Bristol job, she was my number one target.

"I am really excited to work with her again and I know that over the next two or three years, the WSL will see a top player emerge.

"She will give us another creative spark in midfield. She can do things with a ball and see things on a park that some players can only dream about. Everyone at Bristol will be raving about her very soon. She is very level headed and will continue to work hard to achieve her ambitions."
