

# Andrew Dickson's charity bicycle ride across Canada

Just over three years ago, The Edinburgh Reporter covered Baberton man Andrew Dickson's two month cycle trip between Perth on the west coast of Australia and Brisbane on the east coast of Queensland which raised much needed funds for charity.

On that occasion, the money raised went to Radio Lollipop and the Craig Gowans Memorial Fund which was set up in the memory of the young Falkirk footballer who was killed when a net catcher he was instructed to move during a training session struck an overhead cable.

This wasn't the 60-year-old's first adventure as the previous year he cycled across America from the Pacific to the Atlantic in memory of his wife Aileen who passed away in 2006, raising awareness of dementia (especially in younger people). The trip raised £7000 for his chosen charity, Alzheimer Scotland.

This year he has decided on a change of scenery and on 23rd May he will set out from Vancouver on a 5000 mile bicycle trip across Canada, hoping to arrive in Halifax Nova Scotia by the 23rd August.

Andrew will be cycling alone and unsupported, with all the necessary equipment, camping gear and clothing being carried on his bike.

The trip, which is totally self funded, will hopefully raise money for three very worthwhile charities that in their own ways help to make a real difference in the treatment and care of children and young people in hospital.

The chosen charities are:

The Craig Gowans Memorial Fund:
