

The Edinburgh Reporter meet up 5 April 2016 – Filmmaking on your smartphone

The Edinburgh Reporter is collaborating with The Chronicle to host a meet up on Tuesday 5 April between 4:00 and 7:00pm to learn about making movies on your smartphone.

You will learn how to take shots on your phone that you can use in a movie for personal or other purposes. Whether you are in news or PR, running a business or simply like filming puppies we hope that we can help!

The idea is that everyone can arrive or leave whenever they like but you will learn how to film and edit movies on your phone. You will learn by doing so bring your phone and make sure it has enough storage on it to film some footage.

We hope to have a film to show off our work afterwards!!

You can register [here](#). The meet up will take place at The White House on Niddrie Mains Road.

Although tickets are free, you are encouraged to buy a coffee or tea from the lovely folks at The White House to help them cover the costs of our being there.
