

Meanwhile... at The Filmhouse

While all the Festival and Fringe hubbub goes on outside it is still possible to escape it by retiring to the darkness of The Filmhouse where they are playing Sid and Nancy over the next three days.

The 1986 film stars Gary Oldman in one of his most acclaimed roles as Sid Vicious of Sex Pistols fame. Chloe Webb as his girlfriend Nancy Spungen is outstanding so for a bit of 'anything but the festival' entertainment look no further.
