

Hibs sign Welsh international right back Neal Eardley on short term deal

Hibs have completed the signing of Neal Eardley following a successful trial period, subject to international clearance.

The right back started his career at Oldham Athletic, before spells at Blackpool, Birmingham City and Leyton Orient.

The 28 year old Welsh international featured in the last two development squad matches for the club, scoring in Tuesday night's game against Rangers which was abandoned due to a linesman being taken ill. He has signed a short term deal until January, and will wear the number 26 jersey.
