

Today at Vue Edinburgh – Relive your Ibiza summer with White Island

With autumn officially upon us, immerse yourself in the last of the Balearic summer sun as Vue brings White Island exclusively to Ibiza fans in Edinburgh TODAY Friday 21st October.

At this groundbreaking nationwide event, the definitive Ibiza film White Island will be shown at Vue cinemas across the country along with Carl Cox's Space closing party, recorded live at the legendary club.

From executive producer Carl Cox, comes a comic thriller with dark undertones and a big heart, set on the island of Ibiza.

When Connor's best friend becomes innocently embroiled in the plans of a gang in Ibiza, he is the only one who can help him, but it means returning to the island he has been avoiding since things for him became complicated. Once back, Connor is reunited with Leo, his former boss and mentor, only thing is, Leo is trying to kill himself.

Amongst the mayhem of the party island, underwater drops and an easy on the eye diving instructor, Connor's journey teaches Leo that every day is precious and Connor that his life in London is not as perfect as it seems and that if he deals with his past, there is only one place he'll ever be truly happy...Ibiza.

Directed by Benjamin Turner (The Class of '92, I Am Bolt) and starring Billy Zane, Billy Boyd, Elliot Gleave, Lyndon Ogbourne, Gala Gordon, and Joel Dommett, White Island is

screening exclusively at Vue Ocean Terminal.
