

The Chainsmokers to appear at Edinburgh's Corn Exchange in February

American duo The Chainsmokers will be the headline act at the Corn Exchange on 22 February 2017.

This is one of the music industry's biggest breakout acts of the year.

The group has released their single 'Closer' featuring vocals from rising star Halsey and the duo's own Drew Taggart. The single was at number 1 for four weeks during the summer.

Closer was released just after Roses and Don't Let Me Down streamed over 50million times on Spotify.
