

Muirhead Leaves Hearts

With the addition of several new faces during this transfer window, there was one player who headed out of Tynecastle today. Midfielder Robbie Muirhead left Hearts, just seven months after signing for the Maroons. He has reunited with former Hearts Head Coach Robbie Neilson at English League One side MK Dons.

Hearts have said MK Dons have paid a fee for the 20-year-old but did not disclose what this was.

Despite showing a lot of promise, Muirhead struggled to consistently break into the Hearts first team although he did score both goals in Hearts 2-0 Ladbrokes Premiership win over Rangers at Tynecastle on the last day of November.
