

House Clearance in Edinburgh

House Clearance Edinburgh & Office Clearance Edinburgh

Our award winning Just Clear house clearance and office clearance team are now operating in Edinburgh with our local team. The friendly team in Edinburgh are at the end of a phone at all times waiting for your call, whether you need help with house clearance, office clearance, garden rubbish removal or specialist waste clearance of any kind including WEEE, data and electronics.

We have a zero-to-landfill policy and donate and recycle as much as possible.

Greg and James running the Just Clear Edinburgh team are both members of the CIWM and love what they do. Having experience of operating in the Edinburgh house clearance market for over 10 years, they are able to provide a proactive and helpful approach during your house clearance. This includes how to best prepare your house or flat for sale, issues surrounding hazardous items, fumigating, items with a commercial value for auction and an informed disclosure of how we reuse the items they clear. They are consistently delivering excellent results for clients and are proud of the reputation they have built to date. In their spare time they both enjoy spending time with their families, with other hobbies including classic cars and motorbikes.

Wherever you are in Edinburgh, whether you live or work in Bruntsfield/Morningside, Haymarket/Dalry, Leith, Edinburgh City Centre, Old Town, Stockbridge, Tollcross or anywhere else in our beautiful city, give us a call today and we'll be with you in no time.
