Restoration Yard's dedicated recuperative space, Wellbeing Lab, is set to host two wellbeing workshops designed to nurture the mind, body and spirit this March.

The first workshop takes place on Sunday 12 March and focuses on mind calm meditation. The discipline teaches effective and gentle approach to managing stress and anxiety and helping to calm busy minds.

Fully accredited Mind Calm Coach, Lesley Bell, will take the six-hour session and demonstrate practical techniques to worry less and sleep better as well as helping to improve relationships and live in the moment.

The session, led by two Mindfulness Association trained meditation teachers, explains how to tune into your body and senses, be kinder to yourself and carry out everyday tasks mindfully.

Attendees can treat themselves to something from Restoration Café's delicious lunch menu, or combine a take away with a tranquil stroll around Dalkeith Country Park.

Wellbeing Lab is located within retail and leisure destination Restoration Yard, which can be found in the heart of Dalkeith Country Park. It offers a programme of activities including restorative and kundalini yoga, cognitive behavioural therapy, pilates and more.
