Gary Havelock will have to wait a little longer to celebrate Berwick Bandits first win following another disappointing home defeat.

This time it was Scunthorpe Scorpions who stung the Borders club and left Havelock cursing his luck.

The team manager said: “When you’re already down luck has a habit of working against you and luck kicked us fair and square in the gut.

“There are still worries in the team. When your reserve scores 16 at home you shouldn’t get even close to losing, but when only three of your team are scoring decent points there’s problems.

Bandits next home match is against Ipswich Witches on Saturday (tapes-up 7pm)
