

Chamber tee-up NetGolf

Golf and business. They go together according to Midlothian and East Lothian Chamber of Commerce

Ever heard of NetGolf? Well you have now.

Midlothian and East Lothian Chamber (MELCC) believe golf and networking are a winning combination.

So, members and non-members have been invited to the inaugural NetGolfing event.

There they get a lesson with a PGA professional and then there is the option to play nine holes or practice.

The event is aimed at both golfers and beginners to focus on informal networking, coupled with fresh air, exercise and a bit of fun.

The location is the Melville Golf Centre near Lasswade on Wednesday, June 7 from 2pm.
