

Hibs sign Simon Murray from Dundee United

Hibs have completed the signing of Simon Murray after the expiry of his contract with Dundee United.

The 25-year-old striker scored 18 times for the Tannadice club in the 2016/17 season, and previously enjoyed spells with Arbroath and Montrose.

Neil Lennon says that he is pleased to have signed Murray on a two-year deal, and is looking forward to bringing a player with his attributes into the squad.

He said: "Simon is a great player, one who enjoyed a personally solid season with Dundee United, and it is pleasing to bring someone of his calibre to the club.

"He's strong, he's quick with a good turn of pace, plus he knows how to find the back of the net. He has fantastic attributes and a real hunger to continue to improve as well – I'm delighted to have secured his services for next season.

"With the players who have renewed and Danny Swanson coming in as well, I believe we are moving in the right direction with our recruitment, and that process is still ongoing to ensure we have as strong a squad as possible for the club's return to the top flight."

Simon's father, Gary, also played for Hibernian between 1980-1984, scoring 19 times in 97 appearances
