

# Mountain biking – Fife farm hosts wheely big national event

The barley fields and rolling hills of Parkhill Farm, Newburgh, Fife, will host The Eliminator, one of Scotland's most fun-packed mountain bike events from 23 to 25 June.

The feature event is the Head2Head downhill race on Saturday that pitches XC whippets against Enduro specialists, downhillers and weekend warriors on a course suitable for any bike.

This year the festival boasts a new cross country mountain bike eliminator tournament on the Friday night, an off-road duathlon and a host of non-biking attractions ranging from live music to a farmers market and mega water slide.
