

Hearts Season Ticket Sales Reach 10,500 in Three Weeks

Hearts have announced that, just three weeks after going on sale, season tickets sales for season 2017/18 have already reached 10,500.

With those season ticket holders who are presently in the Roseburn and Main Stands who have indicated they wish to move their seats still to be accommodated at the end of the Phase One renewal period – which ends today – it's likely the 11,000 figure will be broken in the next few days.
