

Edinburgh Festival Fringe 2017 – Escape 2

Award-winning professional aerial dance theatre from London LCP is back with Escape 2, a recreation of its predecessor Escape, presented at Fringe 2016.

This dance theatre breaks all conventions of pole dancing and silks.

Building on its work on human-rights issues and exploring the plight of refugees, LCP invites the audience to accompany them on a challenging journey in search of refuge.

Film projection and a powerful score by Stefano Guzzetti enrich the contemporary dance performance. Nominated for Amnesty International Freedom of Expression Award.
